

# Goods journey from Ports to Customers

## Snapshot of Continental Contribution to Sustainability

July 2021

Continental AG

# Sustainable Transportation

Demand currently rises faster than efficiency gains

Commercial transportation  
demand trend

CO2 emissions  
trend

CO2 emissions  
target

Transportation industry needs to step up efforts so that efficiency increases compensate increasing demand

# Sustainable Transportation

## Numerous Playing Fields and Solutions Today

### Harbor

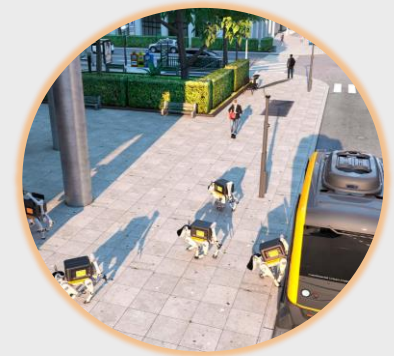

### Highway

### Railway

### Delivery

- eHorizon
- Smart Tachograph & Services
- 360°FMS
- Tires

# Sustainable Transportation

## Examples of Continental Contribution for Tomorrow

### Harbor

#### Activity

Participation in AWARD  
EU research project  
(confined area maneuvering)

#### Work

Radar based localization  
to enable 24/7 AD  
operation

### Highway

#### Activity

Participation in  
ENSEMBLE EU research  
project (platooning)
